

## **INVESTMENT BANKING SUMMER ANALYST INTERNSHIP POSITION**

**Armory Securities, LLC**

**Los Angeles / Chicago**

**Start Date: June 2020**

**Minimum Time Commitment: 10 Weeks**

**Deadline: March 6<sup>th</sup>, 2020**

### **Overview**

Armory Securities is a leading investment bank advising middle market companies in mergers and acquisitions, debt or equity financings, restructuring or workouts, and general strategic advisory. Armory is seeking Summer Analysts to support its investment banking team based in Los Angeles or Chicago.

Armory's senior level professionals provide in-depth industry and product knowledge derived from over 75 years of collective experience in restructuring, leveraged finance, investment banking, securities laws and distressed asset management. Our team has been recognized by our peers and lauded by winning M&A Advisor of the Year Awards for 2017, 2018, and 2019.

Armory has been engaged by a diverse array of market leading companies and the nation's largest financial institutions, banks, and commercial lenders. We deliver creative, market-based solutions to clients in all major industries, including: Aerospace & Defense; Business Services; Consumer Products & Retail; Energy & Resources; Food & Agri-Business; Hospitality, Gaming, & Leisure; Life Sciences & Healthcare; Manufacturing & Industrial; Technology, Media, & Telecommunications; Real Estate & Construction; Location-Based Entertainment; and Transportation & Logistics.

### **Job Description & Responsibilities**

Summer Analysts are given a great deal of responsibility because they are engaged on live transactions. Deal teams are typically small, so we expect our Summer Analysts to be driven and resourceful hard workers who can produce client-ready deliverables. Responsibilities include:

- Preparing presentation materials for pitch books, memorandums, and management presentations
- Identifying financial and strategic targets for acquisitions and capital raises
- Assisting with financial models and analyses
- Identifying and spreading precedent transaction and public trading comps for company valuations
- Researching industry trends and preparing/updating industry marketing materials

### **Qualifications**

- Current Junior in B.A./B.S. program from top undergraduate institution with a minimum 3.5 GPA
- Finance, Accounting, or Economics majors preferred
- Previous finance internships preferred
- Demonstrated knowledge of accounting, finance, and valuation methodologies
- Highly motivated and detail-oriented individual
- Able to work in a dynamic, fast-paced environment
- Strong critical thinking and analytical skills
- Excellent verbal and written communication skills
- Proficiency in Microsoft Excel, PowerPoint, and Word
